- Napomene:**
- Priključci sa nogicom NO 9 su univerzalni jer se mogu koristiti i za cijevi NO 8 i NO 10.
 - Za toplu vodu se mogu koristiti i pojedini priključci navedeni u cjeniku priključaka za niskotlačne gumene opletene cijevi za plinove.
 - Kod naručivanja matica treba obavezno naznačiti pored navoja i promjer rupe D i visinu matice H (pritom se pripadajući OK vidi iz gornje tablice) ili za koju nogicu i medij su predviđene.
 - Matice R1.1/4", R1.1/2" i R2" imaju osmerokut umjesto šesterokuta (OK).
